

## CYLINDER KITS AND PISTON KITS FOR CATERPILLAR® C9.3 ENGINES

This popular in-line 6-cylinder engine is used in a wide variety of industrial, agricultural, forestry, construction, oil field, marine and mining equipment with EPA Tier 4 emission standards.

Our cylinder kits include pistons, cylinder liners, piston rings, pins, retainers and sealing rings. The cylinder liner is induction-hardened for added durability.

We also offer individual components including the piston, liner with seal rings, and piston ring sets.

### C9.3 Engines: MME1-UP, MYE1-UP

Part Number	Description	Description
FP-LK3570447	Cylinder Kit	With Piston FP-3570447
FP-PK3570447	Piston Kit	Piston, Pin, Retainers and Rings
FP-3570447	Piston	Comp. Ratio 17:1
FP-RS0030	Ring Set, Single Cylinder	Contains 2622888, 2622891, 3001319 Rings
FP-2676686WS	Liner w/Sealing Rings	FP-2676686 Liner, FP-1670024 Seal Ring

### C9.3 Engines: SSE1-UP, SYE1-UP

Part Number	Description	Description
FP-LK3695326	Cylinder Kit	With Piston FP-3695326
FP-PK3695326	Piston Kit	Piston, Pin, Retainers and Rings
FP-3695326	Piston	Comp. Ratio 17:1
FP-RS0030	Ring Set, Single Cylinder	Contains 2622888, 2622891, 3001319 Rings
FP-2676686WS	Liner w/Sealing Rings	FP-2676686 Liner, FP-1670024 Seal Ring
